GASCOIGNE & KING

Inspired by the connection we have with the world we live in.

Gascoigne & King brings you beautiful, luxurious fragrances for your living spaces. Our product range is handmade in Surry Hills, Sydney and has been conceptualised with a focus on minimalist design and sourcing high quality ingredients and materials, while also considering their environmental impact.

Bronwyn Gascoigne is the driving force behind Gascoigne & King. With a keen interest in fragrance, perfumes and beautiful natural products, she began making candles in 2008 after finding it incredibly difficult to source high quality, environmentally friendly products with a focus on exciting fragrance blends and great design.

Gascoigne & King is an extension of all that we love in life - family, friends, travel and new experiences. We value the relationship we have with our customers, many of which have followed us on our journey since the very beginning.
